

Richmond FRIENDS SCHOOL

Seeking an experienced, visionary educational leader!

Opportunities & Challenges for the RFS Head of School

Richmond Friends School is a Preschool-8th grade independent Quaker school founded in 1971. Our multi-age classrooms are purposefully designed to have low student to teacher ratios allowing for customized instruction, expectations, and assessments tailored to the academic and social needs of each individual child. Students are challenged to solve problems critically and collaboratively in a rich and nurturing community where faculty and staff, parents and guardians, and students are all important partners in the dynamic process of learning. RFS students spend 60 minutes outside every day and graduate with up to 10 years of project-based learning and up to 10 years of instruction in Spanish and music. Since 2003 ten Richmond High School valedictorians have been RFS alums. Our graduates go on to be life-long learners and compassionate citizens committed to making the world a better place. Richmond Friends School admits students of any race, color, religion, national, or ethnic origin to all the rights, privileges, programs, and activities generally accorded or made available to students at the school. It does not discriminate on the basis of race, color, religion, national, or ethnic origin in the administration of educational policies, financial aid programs, and other school-administered programs.

With the recent additions of a Preschool and Middle School, RFS has increased significantly in size since 2011. The Board is committed to improving marketing and continuing to meet our enrollment goals. In order to maintain our policy of not administering standardized tests, we are the only private school in the area that does not accept vouchers. Implementing the recently completed strategic plan will be one of the tasks of the new Head of School as well as leading an accreditation process in 2020-21. A full-time school coordinator assists the Head with daily administrative tasks. The school also has a half-time development staff person; the new Head will be expected to help lead fundraising efforts to increase our endowment and keep RFS on a sound financial footing. As we continue to grow and change, the new Head will also be involved in leading critical decisions about facilities.
